

# OUR COMMITMENT TO ACCELERATE AFRICA'S TRANSITION TO A GREEN ECONOMY

Organisation name: VUKA Group

As a Founding Partner of Go Green Africa, we pledge to play our part to help accelerate Africa's transition to a Green Economy in a just and inclusive way. We commit to the following **5 Green Actions**:

**1.**  
**Implement organisational decarbonisation strategies within our own organisation aligned with the most current Paris Agreement.**

**2.**  
**Innovate to accelerate Africa's Green Economy Transition, with a focus on e-mobility related solutions.**

**3.**  
**Educate, inspire and empower relevant stakeholders to embrace the Green Economy Transition and e-mobility.**

**4.**  
**Collaborate with other Go Green Africa Partners to share best practice, innovation and opportunity around the Green Economy Transition and e-mobility.**

**5.**  
**Leverage our influence and reach to actively adopt e-mobility solutions across our organisation and in our supply chain.**

We further commit to transparently report our performance in each of the above five areas to the Board of Go Green Africa to support our ongoing membership of the initiative.

We're proud to take this step to move forward alongside Go Green Africa and we are excited for this new era of sustainability.
